Cut E impact glove with sandy nitrile foam palm dip and back of hand impact protection. Great levels of dexterity and comfort and has been engineered for optimum longevity.

## Key Features

- Level E cut resistant liner - High level 360 cut resistance performance with great fit and general comfort.
- Level P impact protection with unique Traffi design seamlessly welded to the liner - maximum impact protection and comfort.
- Nitrile thumb crotch re-reinforcement - aids glove protection in this critical area and lengthen wear life.
- Sandy nitrile foam palm dip - good durable grip for oily & wet conditions.
- Great dexterity, comfort and durability.
- Treatment to liner, making the glove water repellent

## Ideal for

- Rail
- Offshore
- Heavy engineering
- Logistics

## Coating Specifications

**Coating colour**  
Black

**Dip type**  
X-Dura Nitrile Foam

**Dip Application**  
Palm dip

**Glove Treatment**  
Water resistant treatment

**Special features**  
Impact resistant to level P

## Packaging Information

**Qty/bag**  
1 pair (inner)  
5 pairs (outer)

**Qty/carton**  
50 pairs

## Maintenance

Both new and used gloves should be inspected to ensure no damage is present prior to use. A light gentle wash up to 3 washing cycles with mild detergent without involvement of any sort of bleaching agents. No tumble drying, just line dry at low temperature up to 30 degree Celsius.

### Storage

Gloves should be ideally stored in cool, dry conditions away from excessive heat and in its original packaging.

### Disposal

Used protective gloves can be contaminated or infected with harmful substances. Dispose of the gloves as instructed by your local authority.
